TABLET SALT Vacuum (PDV)

1. PRODUCT DESCRIPTION

Moses Pure PDV Tablet Salt is a high-purity food-grade product manufactured from premium quality Egyptian salt. It is specifically processed to meet the highest standards of purity and consistency. The tablets are ideal for water softening, industrial applications, and food-related processes where high-purity sodium chloride is essential. They are designed to dissolve evenly without leaving any insoluble residue.

Product Name	Pure PDV TABLETS SALT
Grade	Food Grade (High Purity)
Chemical Name	Sodium Chloride
Chemical Formula	NaCl
CAS Number	7647-14-5
HS Code	2501.00
Manufacturer	Moses Foundation Import & Export - Egypt

2. CHEMICAL COMPOSITION

1.CHEMICAL SPECIFICATION

Moisture	0.10 %
Purity (as sodium chloride)	99.90 %
Water Insoluble Matter	0.001 %
Ca ⁺⁺	0.002%
Mg ⁺⁺	0.004 %
SO4 ⁻⁻	0.02 %

2.PHYSICAL SPECIFICATION

Dimensions	ø25 mm x 15 mm ø
------------	------------------

3. PACKAGING & STORAGE

PACKAGING	Qty. Bags/Pallet	PALLET DIMENSIONS L x W x H (cm)
20 kg PE	50 BAG	80 x 120 x 130
25 kg PE	40 BAG	80 x 120 x 130
1000 kg PP	1 BIG BAG	80 x 120 x 110
1500 kg PP	1 BIG BAG	80 x 120 x 130

* standard packaging, other packaging on request

We offer flexible packaging solutions and Private Label services tailored to customer requirements. Clients are welcome to visit our factory and production facilities, and we also welcome independent inspection agencies such as SGS, TÜV, and other internationally recognized organizations to conduct pre-shipment inspections and testing.

TABLET SALT (EN 973 A)

1. PRODUCT DESCRIPTION

High purity salt tablets manufactured from premium quality Egyptian salt. The product is specifically designed for use in water softening, industrial applications, where high purity sodium chloride is required. The tablets are formulated to dissolve evenly and efficiently without leaving unwanted residues.

Product Name	TABLETS SALT EN 973 A
Chemical Name	Sodium Chloride
Chemical Formula	NaCl
CAS Number	7647-14-5
HS Code	2501.00
Manufacturer	Moses Foundation Import & Export - Egypt

1. CHEMICAL SPECIFICATION

Moisture	0.23 %
Purity (as sodium chloride)	99.54 %
Water Insoluble Matter	0.04 %
Ca ⁺⁺	0.03%
Mg ⁺⁺	0.05 %
SO ₄ ⁻	0.18 %

2. PHYSICAL SPECIFICATION

Dimensions	ø25 mm x 15 mm ø
------------	------------------

3. PACKAGING & STORAGE

PACKAGING	Qty. Bags/Pallet	PALLET DIMENSIONS L x W x H (cm)
20 kg PE	50 BAG	80 x 120 x 130
25 kg PE	40 BAG	80 x 120 x 130
1000 kg PP	1 BIG BAG	80 x 120 x 110
1500 kg PP	1 BIG BAG	80 x 120 x 130

* standard packaging, other packaging on request

We offer flexible packaging solutions and Private Label services tailored to customer requirements. Clients are welcome to visit our factory and production facilities, and we also welcome independent inspection agencies such as SGS, TÜV, and other internationally recognized organizations to conduct pre-shipment inspections and testing.

DISHWASHER SALT

1. PRODUCT DESCRIPTION

Crystalline salt, produced according to the highest quality standards, is an excellent alternative for use in water purifiers and is compatible with all types of dishwashers.

Product Name	DISHWASHER SALT
Chemical Name	Sodium Chloride
Chemical Formula	NaCl
CAS Number	7647-14-5
HS Code	2501.00
Manufacturer	Moses Foundation Import & Export - Egypt

1.CHEMICAL SPECIFICATION

Moisture	0.11%
Purity (as sodium chloride)	99.46 %
Water Insoluble Matter	0.05%
Ca ++	0.09%
Mg ⁺⁺	0.02 %
SO ₄ ⁻⁻	0.23 %

2.PHYSICAL SPECIFICATION

Salt Crystals	3150–6000 µm4000–15000 µm
---------------	------------------------------

3. PACKAGING & STORAGE

PACKAGING	Qty. Bags/Pallet	PALLET DIMENSIONS L x W x H (cm)
2 kg PE	500 BAG	80 x 120 x 130
5 kg PE	200 BAG	80 x 120 x 130
10 kg PE	100 BAG	80 x 120 x 130
25 kg PE	40 BAG	80 x 120 x 130
1000 kg PP	1 BIG BAG	80 x 120 x 110
1500 kg PP	1 BIG BAG	80 x 120 x 130

* standard packaging, other packaging on request

We offer flexible packaging solutions and Private Label services tailored to customer requirements. Clients are welcome to visit our factory and production facilities, and we also welcome independent inspection agencies such as SGS, TÜV, and other internationally recognized organizations to conduct pre-shipment inspections and testing.

SALT BLOCKS

1. PRODUCT DESCRIPTION

4kg salt blocks designed for the efficient regeneration of ion-exchange resins in industrial water softening systems.

Product Name	Salt Blocks
Chemical Name	Sodium Chloride
Chemical Formula	NaCl
CAS Number	7647-14-5
HS Code	2501.00
Manufacturer	Moses Foundation Import & Export - Egypt

1.CHEMICAL SPECIFICATION

Moisture	0.23%
Purity (as sodium chloride)	99.54 %
Water Insoluble Matter	0.04%
Ca ++	0.03%
Mg ⁺⁺	0.05 %
SO ₄ ⁻⁻	0.18 %

2.PHYSICAL SPECIFICATION

Salt Blocks	4kg per block
-------------	---------------

3. PACKAGING & STORAGE

PACKAGING	Qty. Bags/Pallet	PALLET DIMENSIONS L x W x H (cm)
8 kg PE	125 BAG	80 x 120 x 130
20 kg PE	50 BAG	80 x 120 x 130
1000 kg PP	1 BIG BAG	80 x 120 x 110
1500 kg PP	1 BIG BAG	80 x 120 x 130

* standard packaging, other packaging on request

We offer flexible packaging solutions and Private Label services tailored to customer requirements. Clients are welcome to visit our factory and production facilities, and we also welcome independent inspection agencies such as SGS, TÜV, and other internationally recognized organizations to conduct pre-shipment inspections and testing.

TABLE SALT

1. PRODUCT DESCRIPTION

Very pure refined MEDIUM COARSE sea salt. Sea salt is produced environmentally friendly and contains a number of essential minerals and trace elements. MOSES ® 1-2 food salt is suitable for both domestic and industrial applications such as the production of snack food (chips, salted biscuits, ...), spice mixes, dairy products (butter, cheese, ...), fish and meat products (smokehouses, production of brine), salt mills

INDUSTRIAL SALT

Industrial Salt is an essential raw material used in a wide range of industrial sectors worldwide. Produced under strict quality control standards, our industrial salt offers consistent performance, reliable supply, and flexible specifications to meet the requirements of different industrial applications.

Whether used in chemical processing, water treatment, detergent production, textile manufacturing, leather processing, or other industrial operations, our products are supplied in accordance with customer specifications and market requirements.

Key Applications:

- Chemical Industry
- Water Treatment Plants
- Detergent & Cleaning Products Manufacturing
- Textile Industry
- Leather Processing & Tanning
- Oil & Gas Operations

Industrial Manufacturing Processes:

- Other Specialized Industrial Uses
- Product Advantages
- Consistent Quality
- Flexible Grain Sizes
- Reliable Supply Capacity

Export-Oriented Packaging Solutions:

- Customized Specifications Available
- Private Label Services Available
- Packaging Options
- PP Bags
- Jumbo Bags
- Palletized Cargo
- Bulk Shipments
- Customized Packaging Upon Request
- Private Label Solutions
- Customer Confidence & Transparency

We believe that long-term business relationships are built on transparency and trust. Therefore, we welcome our customers to visit our production facilities and packing operations to monitor production processes, packaging procedures, quality control practices, and loading operations.

Independent inspection and certification organizations nominated by the client, such as SGS, TÜV, or equivalent bodies, are also welcome to conduct inspections and verify compliance with agreed specifications.

RAW SEA SALT

Raw Sea Salt is produced through the natural evaporation of seawater and carefully harvested from salt ponds. As a natural and unrefined product, it serves as an excellent raw material for further processing and a wide range of industrial applications.

Our Raw Sea Salt is sourced from the Mediterranean coast and supplied in accordance with customer requirements regarding grain size, moisture content, and packaging specifications.

Applications:

- Salt Refining and Processing
- Industrial Manufacturing
- Chemical Industry
- Water Treatment
- Fish Processing
- Agricultural Applications
- De-Icing Applications
- Various Industrial Uses

Product Features:

- Naturally Harvested
- Unrefined Product
- Consistent Supply Capacity
- Available in Various Grain Sizes
- Suitable for Further Processing
- Export-Oriented Packaging Solutions

Packaging Options

- PP Bags
- Jumbo Bags
- Bulk Loading
- Palletized Cargo
- Customized Packaging Upon Request
- Private Label Solutions Available

Customer Confidence & Transparency

We welcome our customers to visit our production facilities and salt fields to observe harvesting operations, processing procedures, quality control practices, packaging activities, and loading operations.

Independent inspection and certification organizations nominated by the client, such as SGS, TÜV, or equivalent bodies, are welcome to verify product specifications and shipment requirements.

Commitment to Quality & Reliability

Our commitment is to provide a stable and reliable supply of raw sea salt that meets customer requirements while maintaining transparency, flexibility, and consistent service throughout the supply chain.

RAW ROCK SALT

Naturally Sourced from Siwa Oasis, Egypt

Raw Rock Salt is a natural mineral product extracted from the renowned salt deposits of Siwa Oasis, one of Egypt's most distinguished sources of high-quality rock salt. Formed over thousands of years through natural geological processes, Siwa Rock Salt is valued for its purity, durability, and suitability for a wide range of industrial and commercial applications.

Carefully extracted and processed, our Raw Rock Salt is supplied in various sizes and specifications to meet the diverse requirements of international markets and industrial customers.

Applications

- Salt Processing & Refining
- Chemical Industry
- Water Treatment
- Industrial Manufacturing
- Animal Feed Applications
- Agricultural Uses
- De-Icing Applications
- Various Commercial and Industrial Uses

Product Features

- Naturally Mined from Siwa Oasis
- High-Purity Natural Mineral Salt
- Available in Different Lump Sizes
- Suitable for Further Processing
- Reliable Supply Capacity
- Export-Oriented Packaging Solutions

Packaging Options

- PP Bags
- Jumbo Bags
- Bulk Loading
- Palletized Cargo
- Customized Packaging Upon Request
- Private Label Solutions Available

Customer Confidence & Transparency

We welcome our customers to visit our facilities and operations to observe product handling, quality control procedures, packaging activities, and loading operations. Independent inspection and certification organizations nominated by the client, such as SGS, TÜV, or equivalent bodies, are also welcome to verify product specifications and shipment requirements.

Commitment to Quality & Reliability

By sourcing directly from the natural salt deposits of Siwa Oasis, we are committed to providing a reliable supply of premium raw rock salt while ensuring consistency, transparency, and customer satisfaction throughout the supply chain.
